

THE PROOF IS IN THE PRODUCTIVITY

We recently surveyed over a thousand **join.me** users to find out how **join.me** impacts collaboration, productivity, and revenue. Spoiler alert: we improved them all.

Ideas can only grow so much in your own head.

98% of users said **join.me** improved collaboration and work quality.

Want to keep that half-hour meeting to 30 minutes?

83% of people agreed that **join.me** increased efficiency in meetings.

14% were unmoved. We suspect they are robots. 3% disagreed. Proving you can't please everyone.

Wish there were more hours in the day?

join.me users got back more than **22%** of their time.

Struggling to crank out more work?

76% of users agree that **join.me** boosts productivity

Only 2% disagree. Unlike a Roman emperor, 22% couldn't give a thumbs up or down

Is your work missing the mark?

76% agreed that **join.me** enhanced accuracy and quality of work.

22% remained neutral like the Swiss. Only 2% didn't see it our way.

Talk about getting more for less!

More than half of our users saved an average of **16%** in overall company costs.

But wait, there's more!

More than half of users said **join.me** raised company revenue.
