

# INSTANT COLLABORATION, SIMPLY DELIVERED.

By combining the instant and intuitive features employees love with the robust administration controls companies need, **join.me** BUSINESS is the online meeting solution built for your entire organization.

## INSTANT MEETINGS

**join.me** is so simple that once provisioned, one click from the desktop app or website has users meeting five to ten times faster than other solutions. And since there's no need for viewers to download and install software, meetings start in less than 10 seconds without help from IT.

## INTUITIVE FEATURES

With features like **video conferencing**, **mobile whiteboard**, **presenter swap**, **annotation**, **unlimited audio** and **recording**, **join.me** gives employees everything they need to show work who's boss. And since the interface is so easy to use, there's little to no training or tool time required before they get started. No wonder **join.me** is the fastest-growing online meeting app, with with millions of users each month.

## ACCELERATED BUSINESS VALUE

**join.me** grows with your business. That's because company-wide deployment and adding users are as easy as using the app itself. Add users one at a time, in bulk, or leverage your single sign-on provider for easy onboarding. With typical deployments done in a single day, enterprise-grade management features and industry-leading 99.99% uptime, you'll see a quick return on your your investment. It's why over 150,000 businesses rely on **join.me** every day. Plus, with international toll numbers in over 50 countries, optional toll-free capabilities, and localized versions in 6 languages, employees can connect from anywhere.

Visit **join.me** to get started.

*"join.me is a faster and easier-to-use meeting tool that allows us to collaborate quicker than ever. My employees thanked us for switching to join.me."*

– Rebecca Smith, Director of Revenue Operations, Politico
