

THE TWO MOST IMPORTANT WORDS IN SALES: JOIN.ME.

Spend less time fumbling with complex meeting software and spend more time closing deals with today's easiest, fastest online meeting tool.

MAKE A GREAT FIRST IMPRESSION

Sales teams love **join.me** for its speed, simplicity, and reliability as an instant screen sharing and online meeting tool. With your own custom URL, it's easy for your attendees to join your meetings without having to remember a complex code. You can also give your meetings a custom background image, so you can make an impression even before your meeting starts. First impressions do count – in dollars!

MEET IN SECONDS, NOT MINUTES

With no downloads, nothing to install, and no browser dependencies for the viewer, **join.me** meetings can start in seconds. You can make the most of every sales meeting or presentation – without the delays and frustrations of dated technology.

TAKE YOUR SHOW (AND TELL) ON THE ROAD

join.me allows you to host a meeting from your iPhone® or iPad®, and see presentations from your Android or iOS mobile devices. And with the **join.me** mobile whiteboard, your meetings turn from presentations into real conversations. Create whiteboards on an infinite canvas by drawing, adding icons or uploading images and photos right from your iPhone or iPad.

"The value that join.me brings to my team is they can focus on selling, not spending 15 minutes trying to get the meeting software to work."

– Leah Wilson, Senior Team Manager, Zenefits

Everything you need to be a sales rock star.

Simple, instant online meetings:

Attendees can join with just the click of a link – ideal for a last minute demo.

Personal URL & background: Your name, your look. Create a personal URL and a background image to make it your own.

Unlimited conference calling:

Empower collaboration without racking up additional costs per minute, with local numbers in the US and over 45 countries.

Salesforce.com Integration: Start a join.me meeting directly from a lead or contact in Salesforce, and track meetings as activities in a fast and powerful workflow.

Video conferencing: Meet face-to-face with prospects, in video only or simultaneously sharing your screen.
